

FAIR ADVERTISING CAR HERE ON WAY NORTH

The advertising car of the coming territorial fair and resources exposition at Albuquerque, was here today, arriving last night attached to No. 3 and proceeding north as a part of No. 10 this afternoon, its ultimate destination being Trinidad, Colo.

It was not necessary for anyone who could read to ask what the car was, etc., for it was ablaze with flam-

ing banners advertising the main events at the big fair, such as Taft day, the Stroebe airship, the \$1,000 Bull Durham stake race for 2:12 pacers and numerous others.

THE STROEBEL AIRSHIP

This Wonderful Heavier Than Air Machine, Will Be One of the Chief Attractions at the Coming Territorial Fair at Albuquerque.

In charge of the car were Lawrence F. Lee and Charles H. Lemke, both of Albuquerque, and by the way boosters of the Twentieth century vintage. They called at The Optic office and spent half an hour telling of the big fair, and the success of their trip.

"We have covered close to 4,000 miles," said Lee, in telling of the ad-

vertising car's trip over the south-west. "We left Albuquerque a month ago and since that time have gone south into the Pecos valley as far as Carlsbad, traversed the Belen cut-off, the Rio Grande and Mesilla valleys as far south as El Paso, Texas; west to Ash Fork, Arizona, and are now on our way to Springer, Raton and Trinidad. The trip will end the last of this week, when the car returns to

Albuquerque. In every town we have visited the enthusiasm in the coming fair has been especially marked and I predict the biggest crowd in the history of this great annual event.

The crowds will be treated to new things in the amusement line and there will be accommodations for the thousands who will attend."

While here the young men arranged with Chas. Tamme for a thorough billing of the city and town with glaring lithographs. These were being put up today.

SHUBERT ATTRACTION IS NOT COMING THURSDAY

Manager J. Scott Duncan, Jr., received the disappointing information this morning that "The Great John Ganton," with Geo. Fawcett starring, would not be able to fill its engagement here on Thursday night, September 23rd, hence the opening of the theatrical season at the Duncan opera house will be postponed until Monday night next, when the Spooner-Wallock Stock company will begin a week's engagement.

The news that the Shubert attraction would not be here on the date mentioned, came in a telegram from J. H. Decker, of New York City, the manager of the Shubert attractions. The telegram read:

"Letter delayed. Can't use September 23rd. Have written."

From this it is evident that the attraction will be here later in the season. However, it will be disappointing to local theater-goers who had already begun to anticipate this excellent show.

A Sprained Ankle

As usually treated a sprained ankle will disable the injured person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully, a cure may, in most cases, be effected in less than one week's time. This liniment is a most remarkable preparation; try it for a sprain or a bruise, or when laid up with chronic or muscular rheumatism, and you are certain to be delighted with the prompt relief which it affords. For sale by all dealers.

S.S.S. NATURE'S PERFECT TONIC

Something more than an ordinary tonic is required to restore health to a weakened, run-down system; the medicine must possess blood-purifying properties as well, because the weakness and impurity of the circulation is responsible for the poor physical condition. The blood does not contain the necessary quantity of rich, red corpuscles, and is therefore a weak, watery stream which cannot afford sufficient nourishment to sustain the system in ordinary health. A poorly nourished body cannot resist disease, and this explains why so many persons are attacked by a spell of sickness when the use of a good tonic would have prevented the trouble. In S. S. S. will be found both blood-cleansing and tonic qualities combined. It builds up weak constitutions by removing all impurities and germs from the blood, thus supplying a certain means for restoring strength and invigorating the system. The healthful, vegetable ingredients of which S. S. S. is composed make it splendidly fitted to the needs of those systems which are delicate from any cause. It is Nature's Perfect Tonic, free from all harmful minerals, a safe and pleasant acting medicine for persons of every age. S. S. S. rids the body of that tired, worn-out feeling so common at this season, improves the appetite and digestion, tones up the stomach, acts with pleasing effects on the nervous system, and reinvigorates every portion of the body.

WOULD-BE FOOTPAD FRIGHTENS WOMEN

Within a week, to be exact, of the time of the sensational robbery of Miss Cora Barron, the Normal university teacher, Mrs. C. L. Holt, her daughter, and the Misses Genevieve Meloney and Edith Martin were the victims of an attempted hold-up in almost the identical spot.

Last Saturday night about 9 o'clock, while proceeding down Sixth street, just beyond National avenue, the would-be victims met a man going up the street, but as it was very dark they were not able to see him very plainly. They had gone but a few steps further, after passing the man, when Mrs. Holt, who was walking in the rear of the three girls, looked around and was terrified to see the man, whom they had just passed, tip-toeing up behind her. He was so close in fact that she felt his breath upon her cheek as he turned around.

The girls had turned about almost at the same time as did Mrs. Holt, and when they, too, saw the man, one of them began screaming. But for this it is almost certain that Mrs. Holt would have been attacked and robbed. As it was, when the footpad heard the girl scream, he suddenly changed his mind and ran up Sixth street to National avenue, turning west on that street to Seventh and making good his escape.

The police were at once notified of the occurrence and both Chief Coles and Officer Ward hastened to the scene. They made a careful search of the neighborhood but could find no trace of the man.

Mrs. Holt's description of her would-be assailant tallies almost exactly with that given by Miss Barron of the man who robbed her and it is believed he is the same party.

CAMPBELL BROS.' BIG CIRCUS COMING SOON

What was, only a few years ago, a small wagon show, has, by the use of acute business ability and perseverance on the part of the Campbell Brothers, come now to be at the top notch of tent shows and the circus which Campbell Brothers present to the public today, takes its place as a standard circus among the best in the country.

At a great outlay of money and hard work these progressive gentlemen have been gathering together from all over the world and adding to their shows all the extra attractions that go to make up the best.

Famous acrobats, gymnasts, equilibrists, contortionists, aerial performers, dancers, fun-making clowns and sensational specialties; besides the daring bareback riders and exhibitions of handsome high-spirited trained horses and trained elephants, ponies, mules and dogs, go to make up an entertainment that is unequalled.

The managerie annex contains the most complete and valuable collection of wild animals and ferocious beasts from all parts of the world.

At 10 a. m. every morning, rain or shine, takes place Campbell Brothers' great sensational street parade with its hundreds of horses with glittering equipment to dazzle the eye—handsome women riders, soldiers and men of all nations, mounted and carrying the flags of their country, cages of wild animals and all interspersed with bands of catchy music. The above shows will exhibit in Las Vegas on Monday, September 27, rain or shine, and promise every feature as advertised both in parade and in the big shows at 2 and 8 p. m.

YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's
Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. WILL YORNE, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women.

Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health free of charge.

of meeting for next year's convention was left open. Mrs. A. D. Gaudin tendered an informal reception to her guests, Mrs. Nutter and Mrs. Barnes, of Albuquerque.

EPWORTH LEAGUE NOTES

The subject of the League devotional service last night was "Opening the Mind" which was led by the pastor, Rev. Van Valkenburgh, some interesting points being brought out. The matter of organizing a systematic League Bible study class was brought up, and met with much enthusiasm. In former years, the league has had such classes, numbering from twenty to thirty, out of which much substantial good has been brought, both for the church and the members of the class, so it is expected that this winter will witness an aggressive Bible study under some able leader.

Dr. Henry A. Butcher, former governor of Colorado, will lecture at Normal hall, Thursday evening, September 30th, under the auspices of the league. Dr. Butcher is chancellor of the University of Denver, and is known all over the United States as a premier platform orator. His subject, "The Pleasantry of American Life," is one that will appeal to all. Every one should hear him, this being one of the few opportunities, in the course of a year, that Las Vegas gets to hear one of the west's really able men.

The pastor's sermon last night, "How Much Water to Enter the Kingdom," was appreciably heard by a goodly number. As was promised, no doubt, all present were made to think. Next Sunday night, the last of the present conference, year, Rev. Van Valkenburgh promises a stirring, though not sensational subject. Make it a point to hear him.

"Faith Paralyzed by Fear" is the subject of the devotional service for next Sunday evening. With a good subject and leader, an interesting service is assured. Come out.

Why Druggists Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy

Mr. Frank C. Hanrahan, a prominent druggist of Portsmouth, Va., says, "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purpose that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference."
